Introduction

We're glad you're here!

At Humanitive, we come to work every day because we want to make a difference in the world. We envision being the world's most ethical store, where each purchase is either helping an underprivileged child get quality education, providing medication to a destitute elderly, or ensuring there is food and water for a stray dog.

At our core, Humanitive operates on Impact, Transparency, and Quality.

Staying true to these beliefs, we have created a platform where gifts can be made meaningful, without compromising on style, elegance, and personalization.

How Meaningful?

Along with beautiful gifts, each box also contains a Donation Kit, addressed to your loved one, including a Certificate of Donation, Acknowledgement Letter from the NGO, and most importantly - a personalised video documentation, where the beneficiaries will be thanking the recipient for the kind gesture.

With every box you buy, you'll also be turning the wheels of change.
